- Listening
- Problem solving
- Team work
- Time Management
- Strategic-thinking

CERTIFICATION

- Full Stack Dev
- Front-end
- core Java
- Python Dev

EDUCATION

MUMBAI UNIVERSITY

BSc. in Information Technolog
2024 | Mumbai, India
G.N.V.S Institute

EXPERIENCE

PCHFL | INTERN- AI AND DATA PRODUCTS

Feb 2024 - Present | On-site, Mumbai

- Utilized **data analytics tools** to craft **Power BI dashboards**, collaborating across departments to meet diverse needs and **enhance usability**. Contributed insights crucial for strategic decision-making through **innovative visualization techniques**, driving data-driven strategies forward, and fostering a culture of informed decision-making.

RIDLAN.AI | FULL STACK DEVELOPER

Feb 2023 - Present | Remote, Mumbai

- I manage website development and optimization at ridlan.ai, utilizing **GCP** for performance and security. With **Next.js** for **front-end** and **Nest.js** for **APIs**, I ensure smooth communication. Spearheading **QR tag creation for dogs** and **AI system development**, I contribute to Ridlan.ai's innovation and mission alignment

SAURABHA.COM | CONTENT CREATOR

JUN 2023 - Oct 2023(6 Month's) | Remote, Mumbai

- At Saurabha.com, I built a vibrant online presence for **Power BI** education, crafting engaging content and driving social media growth while staying **updated on industry trends** to foster a thriving **learning Power BI community**.

PERSONAL PROJECTS

PHINLIN | MERN STACK

Community Hub | Oct 2023 - Apr 2024

- Goal:- Revolutionizing IT with a **dynamic platform** for real-time knowledge **sharing, networking, and innovation worldwide**
- Things Utilized:- **MongoDB, ExpressJs, ReactJS, NodeJS, Google Cloud Platform (GCP)**

30 DAYS-30 PROJECTS

Challenge | 18 May 2023 - 17 June 2023

- Goal:- **Mastered HTML, CSS, JavaScript, and Python** through a 30-day coding challenge, demonstrating versatility and dedication to **continuous learning with daily projects**.
- Things Utilized:- **HTML, CSS, JavaScript, Python**

EXTRACURRICULAR ACTIVITIE

- **Organizing Tech Events:** I organize tech events like **hackathons, quizzes, and web development competitions**, fostering innovation and collaboration through successful **planning and execution**.
- **Front-end Mentorship:** Provide mentorship and guidance to aspiring students in **front-end web development**, nurturing their skills and helping them achieve their academic and career goals.
